Invitation

Dear Colleagues,

Campinject Splendid, which will be held with the international participation of the most important opinion leaders in this field, will be held on **10-12 November 2023** at **Calista Luxury Resort, Belek, Türkiye**.

At Campinject Splendid, we will study all intra-articular and peri-articular injections (guided by anatomical markers or ultrasonography) used in the musculoskeletal system in small groups and in different halls with hands on.

Based on the principle of **“information increases as it is shared, not as it is hidden”**, we will organize a meeting that is successful both scientifically and socially and that supports daily practice.

Thank you for your interest in Campinject, see you in Antalya.

Kind Regards.
